The Pantry Password - What's In Your Pantry? - Unmarked jars, cans without labels! It must be the mischief of Chef Pierre Poulet who wants to wreak havoc in our pantry. Stay on guard and discover the unsuspecting delights that lurk behind the pantry door. Find out the new recipes that can be created using the treasure trove of ingredients that you have on-hand.
June 29 - July 3 OR July 6 - 10

The Case of the Smoking Grill - Our grill has been stolen! Could it be the dastardly deed of the evil Chef Pierre Poulet? It's time to 'smoke him out' and find out what he knows. While giving Chef Poulet the third degree, it's BBQ fare with a flair as our young chefs cook up some favorites with secret surprises that will treat your taste buds!
July 13 - 17 OR July 20 - 24

The Freezer Pleaser Riddle - It's hot outside, but cold in the kitchen as we prepare some chilly summer treats. The freezer will hold a sweet sandwich surprise, frosty mugs of delicious drinks, and cool savory recipes to use during the sizzle of summer. Chef Pierre Poulet had better bundle up good if he plans on interfering with our fun! This camp was formerly known as "Treats to Beat the Heat." July 27 - 31 OR August 3 - 7
